Anthem Blue Cross

Your Summary of Benefits
SISC 90-A $20 Anthem Classic PPO

This Summary of Benefits is a brief overview of your plan's benefits only. The benefits listed are for both in state and out of state members, there may be differences in benefits depending on where you reside. For more detailed information about the benefits in your plan, please refer to your Certificate of Insurance or Evidence of Coverage (EOC), which explains the full range of covered services, as well as any exclusions and limitations for your plan.
In addition to dollar and percentage copays, members are responsible for deductibles, as described below. Please review the deductible information to know if a deductible applies to a specific covered service. Certain Covered Services have maximum visit and/or day limits per year. The number of visits and/or days allowed for these services will begin accumulating on the first visit and/or day, regardless of whether your Deductible has been met. Members are also responsible for all costs over the plan maximums. Plan maximums and other important information appear in italics. Benefits are subject to all terms, conditions, limitations, and exclusions of the Policy.

Subject to Utilization Review
Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.

Explanation of Maximum Allowed Amount
Maximum Allowed Amount is the total reimbursement payable under the plan for covered services received from Participating and Non-Participating Providers. It is the payment towards the services billed by a provider combined with any applicable deductible, copayment or coinsurance.

PPO Providers—The rate the provider has agreed to accept as reimbursement for covered services. Members are not responsible for the difference between the provider's usual charges & the maximum allowed amount.

Non-PPO Providers—For non-emergency care, reimbursement amount is based on an Anthem Blue Cross fee schedule. Members are responsible for the difference between the provider's usual charges & the maximum allowed amount.

For Medical Emergency care rendered by a Non-Participating Provider or Non-Contracting Hospital, reimbursement is based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.

When using Non-PPO and Other Health Care Providers, members are responsible for any difference between the covered expense & actual charges, as well as any deductible & percentage copay.

Calendar year deductible for all providers *(4th quarter carryover applies)*	$100/member; $300/family
Co-pay for emergency room services	$100/visit ***(waived if admitted directly from ER)***

The following do not apply to out-of-pocket maximums: deductibles listed above; non-covered expenses, co-pays, and costs in excess of the allowed amount for non-PPO providers & other health care providers. After a member reaches the out-of-pocket maximum, the member remains responsible for deductibles listed above, costs for non-PPO providers & other health care providers, costs in excess of the covered expense, amounts related to a transplant unrelated donor search, and co-pays.

Member is responsible for applicable copays, deductibles and charges which exceed covered expense. This Summary of Benefits has been updated to comply with federal requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this summary of benefits.

1 The plan pays 100% of the fee schedule. The member is responsible for all amounts exceeding the fee schedule.

5 These providers may not be represented in the PPO network in the state where the member receives services. Reimbursements for these non-PPO providers are based on a reasonable charge, not the scheduled amount.
