- 1 Member is responsible for copayment in addition to any charges above allowable amounts. The copayment percentage indicated is a percentage of allowable amounts. Preferred providers accept Blue Shield's allowable amount as full payment for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar-year deductible or copayment maximum.
- 2 Deductible and copayments marked with this footnote do not accrue to calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Deductible does not apply toward the calendar-year maximum. Please refer to the Plan Contract for exact terms and conditions of coverage.
- 3 Participating non Hospital based ("freestanding") outpatient X-ray, pathology and laboratory facilities centers may not be available in all areas. Regardless of their availability, you can obtain outpatient X-ray, pathology and laboratory services from a hospital or an ambulatory surgery center affiliated with a hospital, with payment according to your health plan's hospital services benefits.
- 4 Participating ambulatory surgery facilities centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital or an ambulatory surgery center affiliated with a hospital with payment according to your health plan's hospital services benefits.
- 5 The maximum plan payment for non-emergency surgery and services performed in a non-participating Ambulatory Surgery Center or outpatient unit of a non-preferred hospital is \$350 per day.
- 6 Bariatric surgery is covered when pre-authorized by the Plan. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider and there is no coverage for bariatric services from non-preferred providers. In addition, if prior authorized by the Plan, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the Plan Contract for further benefit details.
- 7 The maximum plan payment for non-emergency hospital services received from a non-preferred hospital is \$600 per day.
- 8 For plans with a calendar-year medical deductible amount, services with a day or visit limit accrue to the calendar-year day or visit limit maximum regardless of whether the plan medical deductible has been met.
- 9 Services may require prior authorization by the Plan. When services are prior authorized, members pay the preferred or participating provider amount.
- 10 Mental health services are accessed through Blue Shield's participating and non-participating providers.
- 11 Inpatient services for acute detoxification are covered under the medical benefit; see hospitalization services for benefit details. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield's preferred providers or non-preferred providers.
