**WORKERS' COMPENSATION
BOARD OF DIRECTORS MEETING
DECEMBER 16, 2021
9:00 A.M.**

AGENDA

*Beginning with its November 18, 2021 regular Board meeting, Self-Insured Schools of California will be returning to an in-person meeting format. Members of the public wishing to observe the meeting or comment on matters within the Board's jurisdiction will need to attend the meeting in person to do so, at the time and place stated on the meeting agenda. The agenda can be accessed at sisc.kern.org.

The Board in the future may need to return to a teleconferencing format as permitted by the Ralph M. Brown Act based on conditions relating to the ongoing pandemic or as otherwise permitted by law. The meeting agendas will clearly indicate whether this is the case.

For more information regarding how, to whom, and when a request for disability-related modification or accommodation, including auxiliary aids or services, may be made by a person with a disability who requires a modification or accommodation to participate in the public meeting, please contact Kristy Comstock at

661-636-4682 or krcomstock@kern.org

*The number of Board Members needed to form a quorum for this meeting is six

Workers' Compensation Terminology

1. **All alleged claims are questioned and reviewed. They are then classified as either:**
 - a. **Admitted** - This means the claim is not being disputed and is accepted as a work related injury or illness.
 - b. **Alleged Injury** - this means the claim is questioned further to determine compensability. The claim is then either accepted (admitted) or denied in full, depending on the outcome of the workers' compensation process pursuant to the laws of the state.
2. **AME** – Agreed Medical Examiner
3. **AOE/COE** - Injury Arises Out of Employment/Course of Employment.
4. **Apportionment** - A portion of permanent disability (P.D.) that is due to a pre-existing condition, whether industrial or non-industrial, may be subtracted from the total amount of the permanent disability. Therefore, the total amount is "apportioned" between the injuries or conditions.
5. **Confidence Level** – The statistical certainty that an actuary believes funding will be sufficient. For example, an 80% confidence level means that the actuary believes funding will be sufficient in eight years out of ten.
6. **Expected Confidence Level** – This corresponds to approximately a 55% confidence level. Amounts above expected are prudent.
7. **The seven areas of payment:**
 1. **Medical** - Treatment to cure or relieve the effects of the injury.
 2. **Temporary Disability (TD)** - To compensate the injured worker for lost wages.
 3. **Permanent Disability (PD)** - To compensate the injured worker for the reduced ability to compete in the open labor market. The PD may or may not interfere with that individual's ability to perform their usual work activities.
 4. **Supplemental Job Displacement Benefit (SJDB)** – A nontransferable voucher for education related retraining or skill enhancement or both at a state approved or accredited school.
 5. **Death Benefits**
 6. **Medical/Legal** - Costs to determine or resolve compensability and/or level of permanent disability.
 7. **Legal** - Cost for outside counsel to handle litigated cases.
8. **Three Types of Claim Settlements**
 1. When the parties can't agree, the case is then tried and the judge issues the **Findings and Award**.
 2. **Stipulation with Request for Award (Stips)** - All parties agree and stipulate to the period of temporary disability (T.D.), any permanent disability (P.D.), and if there is, or is not, the need for future medical treatment. The claimant has the right to reopen this case within five years from the date of injury if he/she experiences any "new and further" disability that is directly related to the original injury.
 3. **Compromise and Release (C&R)** - All parties agree to a settlement amount and a lump sum payment is made. A C&R may close all issues or may leave open certain agreed-upon issues.

9. Additional Terminology

ACOEM – American College of Occupational and Environmental Medicine - These are the medical guidelines used to establish appropriate medical diagnostics and treatment, and are presumed on the extent and scope of medical treatment regardless of the Date of Injury (DOI).

AMA – American Medical Association - sets forth the medical evaluation protocols and rating procedures to determine the extent of an individual's impairments.

DRE – Diagnosis-Related Estimate - One of two methods a physician uses to determine spinal impairment. It is the preferred method over Range of Motion (ROM).

DFEC- Diminished Future Earning Capacity -A component of the 2005 Permanent Disability Rating Schedule (PDRS), used in calculating the level of permanent disability sustained due to an industrial injury, taking into consideration one's resulting diminished future earning capacity.

MMI – Maximal Medical Improvement – Formerly known as Permanent and Stationary; defined as the point in time when the injured workers' condition is well stabilized and unlikely to change substantially in the next year with or without medical treatment.

MPN- Medical Provider Network- is a group of health care providers set up by an insurer or self-insured employer and approved by DWC's administrative director to treat workers injured on the job.

WPI – Whole Person Impairment – A loss, or loss of use, or derangement of any body part, organ system, or organ function. Impairment is considered permanent when it has reached Maximum Medical Improvement (MMI)
