

Personalized support for overcoming addiction

Addiction to a substance, such as alcohol, drugs, or nicotine, or to a behavior such as gambling, is a serious problem. It can affect all aspects of your life, from your work and relationships to your personal health.

If you are struggling with addiction, your Employee Assistance Program (EAP) offers a wide range of support and resources, available at no extra cost, to help you:

- Recognize the physical and emotional signs of substance abuse.
- Understand how drug abuse can affect others.
- Address related substance abuse issues, such as mental health problems.
- Understand your options for treatment.
- Cope with a loved one's addiction.
- Find local services and support groups.
- Access support programs, 24/7.
